# OSINT Walkthrough

Step 1:

Search for "CyberiFi" on LinkedIn. We find people are working for the company in the result. Open Jack Reaper's LinkedIn page.

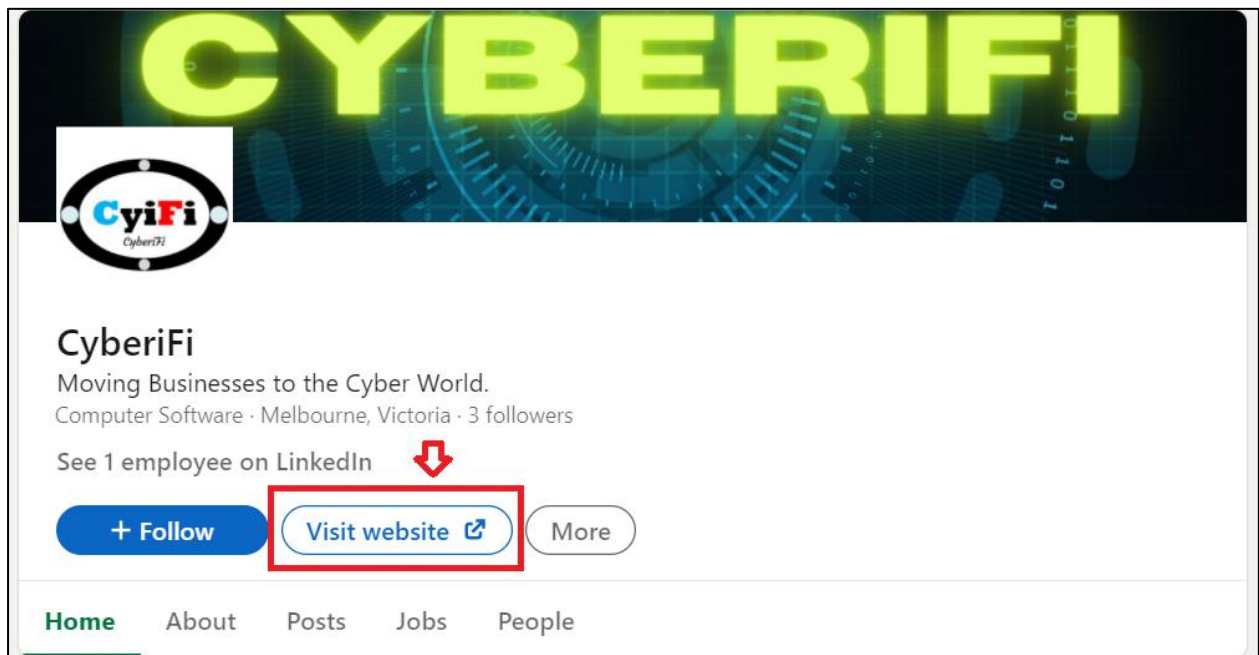

Step 2:

Going through the profile of the employee "Jack Reaper" we can go into the company's LinkedIn page.
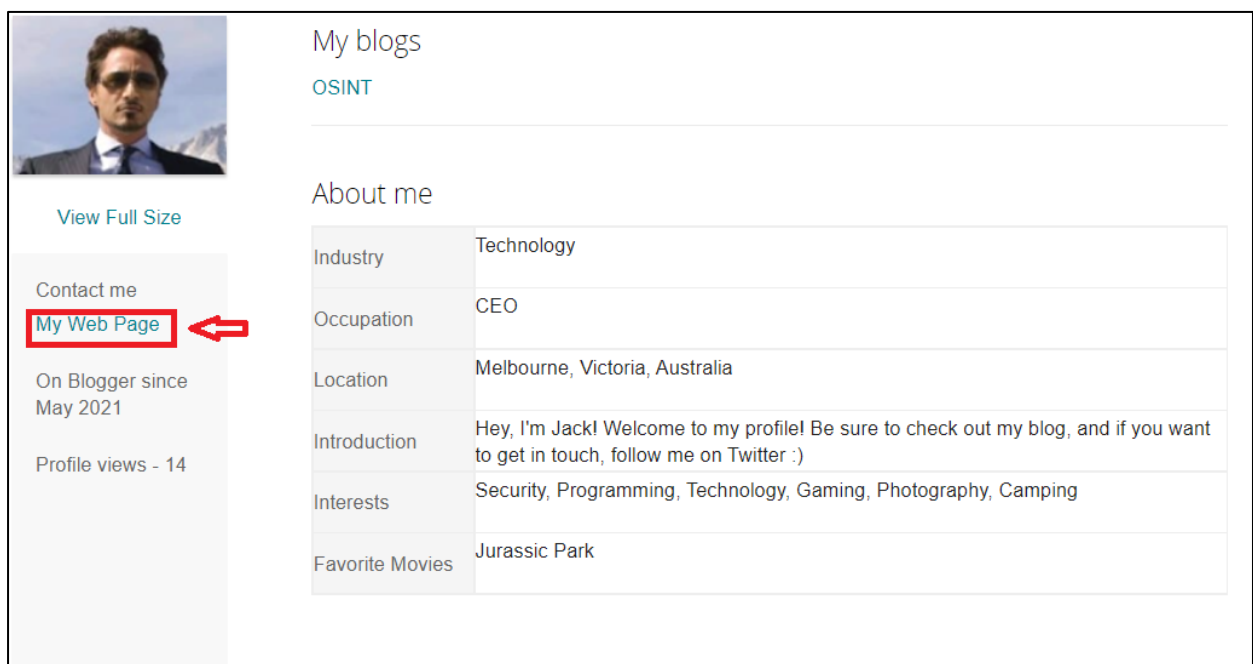

Step 3:

Go to the company's website link on the LinkedIn page.

Step 4:

It will open a blog page of Jack Reaper. Click on the My Web Page in the blog. It will lead to His Twitter account.
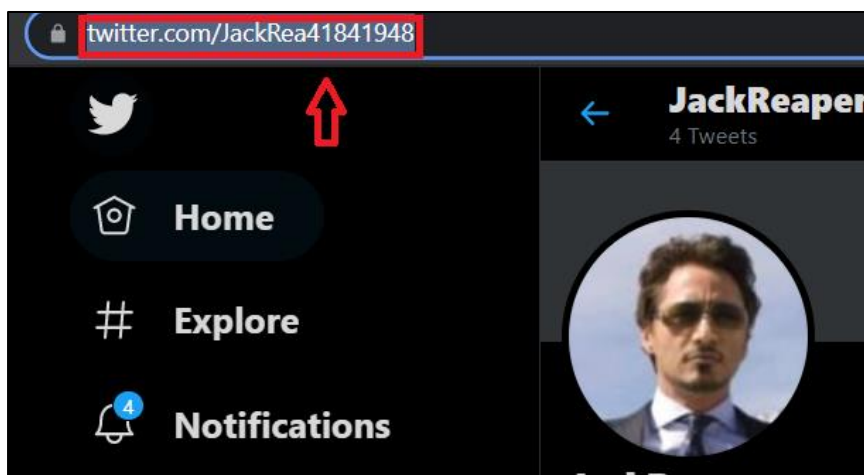

Step 5:

On his Twitter, we can find that there is a tweet that has been deleted.

Step 6:

Copy the Twitter Account link and search on "WayBack Machine" if there is any page saves for this account.
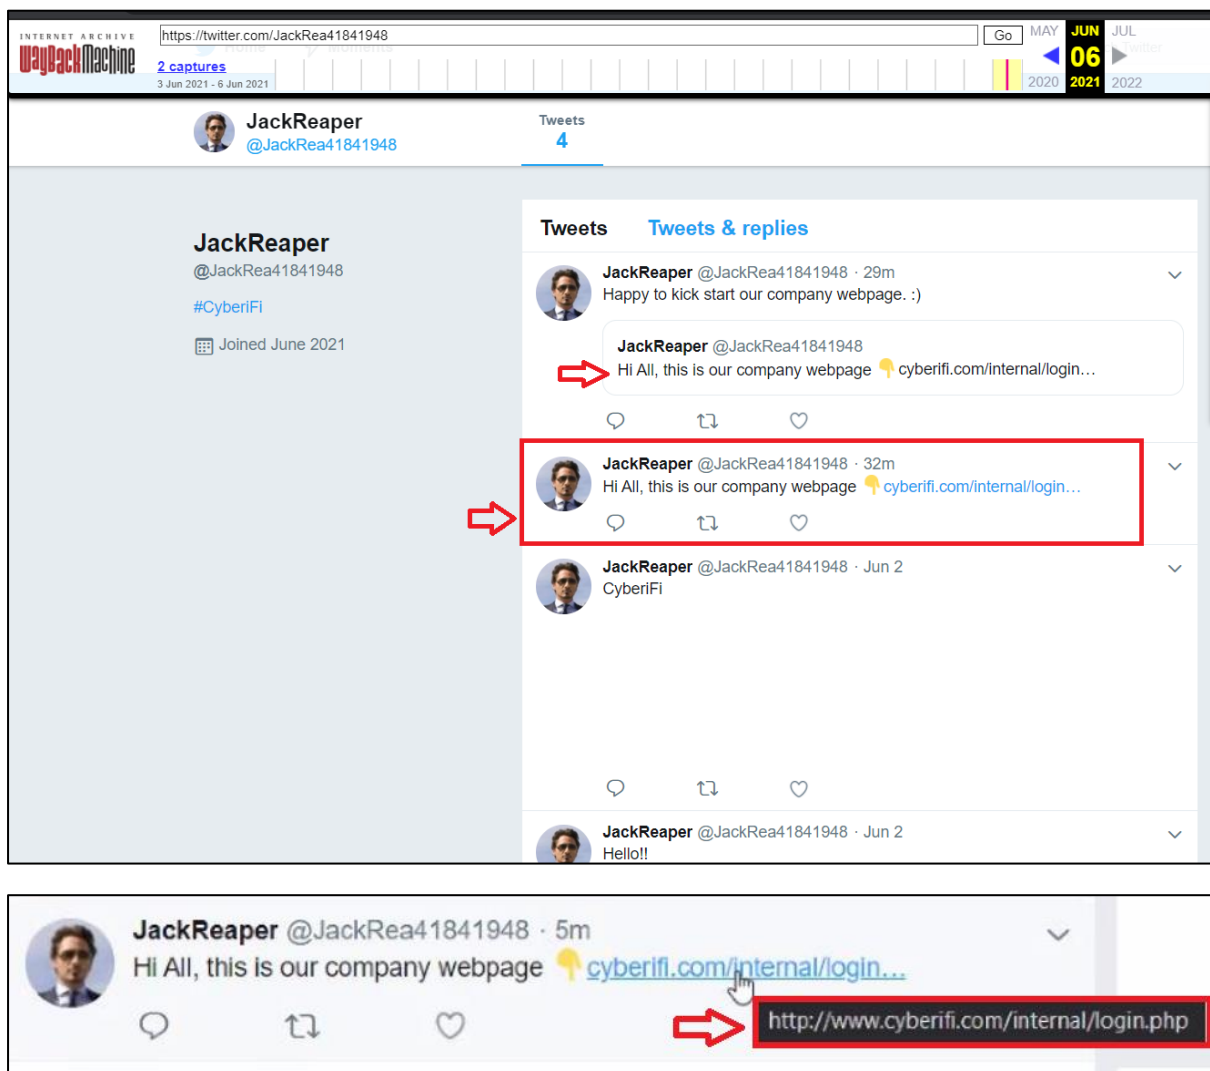

Step 7:

We find that the page was saved in June. Select 6th June.

Step 8:

We can see that the deleted tweet is available on "WayBack Machiene". Hover the mouse over the link to get the full URL.

Step 9:

Submit the flag with "CiFi{Flag}" format

Hint:

On the company's Linked in Page, there is a hint on which method to use to find the deleted tweet.
